Tom Gray has fallen from grace. It is hard for the old time cowpunchers of this country to believe that Tom would ever abandon the bronchoing mustang, dear to the heart of every man who has swung a lariat, for the buzz wagon invention of Mr. Ford. This week Hilgers & Barnhart the popular "merchants on the corner," installed one of the largest and best refrigerators in the city in preparation for the summer trade. The new refrigerator is a "thing of beauty" as well as service. As an indication of its size it took 2100 pounds of ice to fill it, and that should make some coolness.
